EXPERIENCE

Data Analyst I / Vantage Circle *04/2025 - Current*

- Supported end-to-end BI stack with Cube.js semantic layer and Apache Superset.
- Built 71 finance dashboards and automated invoicing workflow.
- Set up MCP servers connecting Claude, Superset, and GA4 for data access and analytics prototyping.
- Reviewed product features such as profile badge, Ask AI recognition, and manager nudges during feature development.
- Prototyped VantageIQ+, AI data agent for plain-language analytics responses.

Data Analyst / Vantage Circle *04/2024 - 03/2025*

- Optimized Cube.js data models backed by MySQL to improve query performance and support client-facing BI dashboards.
- Analyzed user lifecycle and engagement trends, tested hypotheses, and developed campaign tracking and product analytics dashboards.

Business Analyst / Vantage Circle *06/2023 - 04/2024*

- Prepared client-facing monthly/quarterly business review materials.
- Developed analytics for 6 Brandon Hall Award case studies, highlighting best practices across Tata Technologies, ACG, Icertis, Lummus Technology, Compex Legal, and Kotak Mahindra Bank.

Educator / Focus Edumatics Pvt Ltd - Remote *10/2022 - 05/2023*

- Working as an Online Educator for USA students.

EDUCATION

M.Tech, Information Technology | North-Eastern Hill University, Shillong | GPA: 8.47 *01/2022*

B.Tech, Computer Science & Engineering | Assam Don Bosco University, Guwahati *01/2020*
